"Cleanliness is next to Godliness."

Insika Cleaning and Hygiene Specialists was founded with a simple but powerful vision: to provide reliable, professional, and high-quality cleaning and hygiene services that create healthier, safer, and more welcoming environments for homes and businesses.

The name "Insika" is a Nguni word meaning pillar, foundation, or source of strength and support. It represents stability, reliability, integrity, and excellence the values that form the foundation of our company. At Insika, we believe that cleanliness is more than just appearance; it is the foundation of healthy living, productivity, and peace of mind.
